Portland site coordinator  
335 Brighton Ave.  
Portland, Maine

To whom it may concern,

I would like to voice my gratitude for all who participate in the Portland Meals on Wheels program.

I have had the opportunity of working with several of Work Opportunities staff and consumers over the years. Work Opportunities have always been very reliable, prompt, and ready to deliver meals with a smile. This is something we value in our volunteers. Many times this is the only contact a recipient of meals may have in a day.

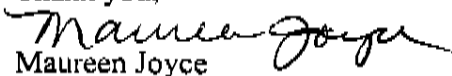

As you know, programs like, Meals on Wheels depends on volunteers like you and your staff to help in the community to serve homebound senior citizens a nutritious meal daily.

Along, with serving a meal we are able to make sure homebound senior citizens enjoy the daily interaction and smile from the volunteers.

Again, I would like to thank all staff and consumers who have volunteered for the Meals on Wheels Program in the past and those who are presently volunteering.

I truly appreciate the Work Opportunities Program.

Thank you,

  
Maureen Joyce
