Looking for a meaningful internship?

Join us in helping people of *all* abilities find success in the workplace, every day!

1,877 WORK PLACEMENTS LAST YEAR

Every day, our dedicated team of professionals at Work Opportunities Unlimited is identifying opportunities, overcoming barriers, and achieving success with people of all abilities.

Visit **https://workopportunities.net/company-news/client-successes/** to learn about some of our success stories, including a WMUR segment about WOU in action at Corey's Closet.

WHY WOU?

With a WOU internship, you'll quickly learn that your work matters to many. You will feel valued. You'll work with an organization that is mission-driven, with a supportive culture that will keep you engaged and feeling proud of the work you are doing. WOU has earned recognition as one of the best privately-owned companies to work for. Also, WOU is 100% Employee Owned!

Our amazing interns (like you!) help change the world of work for people with barriers. Gain industry-ready skills in specialized areas like Business Development, Human Resources, IT, Psychology, Human Services, and Accounting & Finance. Build the resume you need for meaningful work, and earn while you learn.

Meet Joanne, a talented blogger & social media specialist who found an incredible fit for her skills with the help of WOU. Now she's part of a supportive team in an accommodating facility, and she loves putting her creativity to work.
